About Axe Compute Inc.

Axe Compute Inc. (NASDAQ: AGPU) is a neocloud AI infrastructure platform built on a fundamental premise: AI innovation should not be constrained by hardware choice or availability. The company provides enterprises and AI innovators with flexibility across hardware, geography, and deployment models through two core offerings: Axe Compute Access, delivering a wide range of the latest high-performance GPU infrastructure across global locations, and Axe Compute Build, enabling the design, deployment, ownership, and operation of large-scale, dedicated AI infrastructure worldwide. All solutions are supported by enterprise-grade SLAs and operational expertise. Axe Compute is headquartered in Pittsburgh, Pennsylvania. For more information, visit axecompute.com.
